

Desert Awareness

Be careful of too much sun and use sunblock when outside, even for a short time. A good sun hat is highly recommended.

Keep yourself well hydrated and drink enough water.

Because of the desert reptiles and wildlife around Morya House, it is very important to keep doors closed, especially at night. (Don't prop them open or stand at an open door and talk.)

Always be alert when walking the grounds for snakes and lizards. Please treat all reptiles as poisonous even though most are not, and do not approach. We have been diligent about keeping the property clear of reptiles, but if you see a desert reptile please notify any staff immediately. (Long pants and full coverage shoes are recommended.)

Wear sunglasses that block UVA and AVB rays.

Please feel free to use the quiet areas, but be aware of your surroundings.

Get enough rest and let us know if there is anything that you need.
